

To the Honorable Council
City of Norfolk, Virginia

February 11, 2014

From: George M. Homewood, AICP, CFM
Acting Planning Director

Subject: Amendment to the
plaNorfolk2030 future land use map
(Map LU-1) for the Chelsea Business
Area

Reviewed: Ronald H. Williams, Jr., Assistant City
Manager

Ward/Superward: 2/6

Approved:

Marcus D. Jones, City Manager

Item Number:

PH-1

I. **Recommendation:** Approval

II. **Applicant:** City Planning Commission on behalf of the Chelsea Business Association

III. **Description**

This agenda item is to amend the future land use map, "Map LU-1," of *plaNorfolk2030* to reflect the land use recommendations of the *Chelsea Industrial District Small Area Plan* (2013), which have been endorsed by the Chelsea Business Association.

IV. **Analysis**

- The proposal would amend the future land use map in an area generally south of Redgate Avenue and west of Claremont Avenue in the Chelsea section of the West Ghent neighborhood.
- The Chelsea Business Area has evolved in the past decade from what was once seen as a strictly waterfront industrial area into a mix of restaurants, commercial services, offices, and entertainment establishments, together with the remaining industrial operations.
 - Since 2007, Special Exceptions have been granted for multiple commercial uses located within the business area.
- The *plaNorfolk2030* future land use map, which was adopted in March 2013, reflected the historic use of the Chelsea area, identifying the majority of the area as Industrial, with a portion of the south frontage of Redgate Avenue designated as Residential Mixed.
- A *Small Area Plan for the Chelsea Industrial District* (completed in the Spring of 2013) reviewed the potential to reduce land use conflicts, encourage commercial and industrial redevelopment, increase parking availability, and enhance streetscapes.

- Among its recommendations, several zoning changes were suggested to recognize existing land uses and prevent potential conflicts between incompatible land uses.
- The Chelsea Business Association has requested amending the future land use map, rather than changing zoning, to reflect the area plan's vision.
 - This request includes the majority of the areas recommended for change in the small area plan, excluding properties owned by Marine Hydraulics, Inc., which requested its properties remain designated Industrial in conversations with the Chelsea Business Association.
- The Healthy and Vibrant Neighborhoods chapter of *plaNorfolk2030* calls for the City to involve neighborhood organizations in the decision-making process for their communities and also supports the development of appropriately scaled and located neighborhood retail uses.
- Given the changing uses in the Chelsea area, the support of the Chelsea Business Association, and the consistency with the goals of *plaNorfolk2030*, the proposed plan amendments are appropriate.

V. Financial Impact

The plan amendments will better reflect the changing uses in the area and create additional commercial opportunities.

VI. Environmental

- Commercial uses will reflect the changing character of this area and provide a better transition from the waterfront industrial uses to the south and west to the residential uses to the north.
- A letter of support from the West Ghent Civic League was received on October 31.

VII. Community Outreach/Notification

- Letters were sent to the West Ghent Civic League and the Chelsea Business Association on October 25.
- Notice was sent to the civic leagues by the Department of Communications on October 30.
- Legal notification was placed in *The Virginian-Pilot* on October 31 and November 7.
- The Planning Commission Public Hearing was held on December 19, 2013.
- Public notification was conducted through the City of Norfolk's agenda notification process.

VIII. Board/Commission Action

- By a vote of 7 to 0, the Planning Commission recommended that the request for a plan amendment be approved.

IX. Coordination/Outreach

This request has been coordinated with the Department of Planning and Community Development and the City Attorney's Office.

Dear Dr. Lowe,

The Planning Department has received an application to amend the City's General Plan, *plaNorfolk2030*, in the Chelsea business area. The proposed plan amendment would change different portions of the Chelsea business area from Industrial to Commercial, from Residential Mixed to Commercial, and from Industrial to Residential Mixed. The specific changes are called out on the attached map. This item is tentatively scheduled for the November 14, 2013 City Planning Commission public hearing.

If you would like additional information on the request, you may contact Jeremy Sharp on my staff at (757) 823-1087. A map of the proposed plan amendments is attached.

Sincerely,

Frank M. Duke, AICP

Dear Mr. Frank Duke,

At our September 17th general meeting, the West Ghent Civic League membership unanimously voted support to amend the city's general plan, planNorfolk2030, to create a more commercial vision in the Chelsea business district. In addition, the league also requests that much need sidewalk repairs, ADA access ramps, and adequate lighting be addressed promptly to in order to ensure public safety in the Chelsea area.

Please contact me if you have any questions.

Sincerely,

Eric J. Lowe
President, WGCL

Dan,

I wanted to let you know that Charlie Trapani and I have discussed the Planning Amendments for the Chelsea Business District and have no opposition to them. As you may know, Charlie is the owner of Tosca, which owns several properties in the Chelsea district – including 801 Orapax Street (where Tycon Medical is located) and 1130 Boissevain Ave. (where Otzi Tattoo Agency is located). Please pass our support on to the Planning Commission.

If you have any questions, do not hesitate contacting me.

Best Regards,

Chris Smythe
